Legionnaires Receive Praise

At last Thursday's meeting of the American Legion, Legionnaires John Rutherford, president, and John Rutherford, vice president, were presented with a certificate of appreciation for their work done in the year of the newly awarded post home. Edward E. Rutherford, Jr., commander of the post, presented a great deal of activity at the time when the New Year was celebrated with a dance and early morning breakfast prepared by Legionnaires John Rutherford, Lueder Rutherford and Ludo Rutherford.

Boys' Scouts numbering 10 from Troop 200, came from Waveland and did a fine job of cleaning up the beach area. The boys were in attendance at the Cedar Beach game in New Orleans and under the watchful eye of Legionnaire Warren Rutherford. Membership in the organization is beginning to climb and the boys' scouts have been paid. Prior to the storm the post had a roster of over 500 members. With a permanent base for the meetings now established on Green Monday Road and the installation of a telephone it is felt membership will continue to climb.

Second Vice Commander Horace Rutherford received many words of praise following preparation of a delicious supper served at the close of the January 8 meeting.

PANCAKE BREAKFAST
A pancake breakfast will be held after all the morning Masses of Our Lady of the Gulf. The breakfast will be in the cafeteria on Sunday, January 19. It is sponsored by the CYO. The price of the breakfast is \$1.00 for adults and 75¢ for children.

Women's Krewe Selects Queen

The Krewe of Nereids, a women's carnival organization, will be unable to hold their annual Gals Carnival Ball this year but are preparing to hold their 4th fabulous Ball Parade at 2 p.m. on Sunday, January 19, 1970.

Although a Queen had been chosen by a secret drawing in the Krewe of Nereids, the Board of Directors decided to hold the ball as next year's when she can have her year's Queen must be a year-a-day. Being elected at the Parade to her duties and at the Supper Dance

following the Parade to the members and their guests. On Tuesday night, Jan. 6, during the 4th annual Queen's supper, honoring all Nereids' Queens, another name was drawn. Although her identity must remain a secret forever as this is a women's Krewe, those "in the know" were delighted that this Queen will have this memory of "The Year of Camille" to help over-shadow the loss of her home and all belongings.

The identity of King Nereus IV will not be revealed until Parade Day, February 1 and much guessing and excitement

Funds Delayed For Long Beach Church

There has been a delay in the disbursement of \$139,381.58 owed to the Long Beach Baptist Church through the Hurricane Camille Offering Fund collected by Baptist churches throughout the state. Dr. Gail Ford, pastor, emphasized the hold up was only temporary and that church repairs were being made with this in mind.

According to the pastor, Camille caused over a quarter million dollars to the church to run parallel to the beach. There was a measured inches of water in the sanctuary alone. Attempts to salvage furniture and other objects lost by storm waters proved impossible.

When asked about the long settlement, he stated that a "very fair settlement was received for things above the flood level."

The Hurricane Camille Offering Fund, administered by an Executive Committee Board of the Mississippi Baptist Convention Board, totaled \$822,000 through December 31, 1969. Soon after the fund began \$109,000 was spent for emergency relief.

Other churches in the area allocated to receive a portion of the funds are: Lakeshore Baptist, \$8,000; Shoreline Park Mission, \$4,816.91; First Baptist, \$1,600 of Bay St. Louis; Waveland First Baptist, \$1,241.25; Beach Boulevard Baptist, \$5,500 and Pass Christian First Baptist, \$3,125.

Pacifism That Works

When the can top hits the bottom of the can, it is a case of last resort. It is a case of last resort because it is the only way to settle a dispute. It is the only way to settle a dispute because it is the only way to settle a dispute.

Yet, violence is seldom seen in the courtroom. Even after the decision, when one of the parties has tasted defeat, the loser usually takes it with astonishingly good grace. As Federal Judge Henry J. Friendly wrote recently:

"I always feel pride, and some wonder, when, after a heated and bitter argument, a word passes from the bench and quiet descends."

What defuses the explosion? Surely the secret lies in the basic method of the courtroom—the method of settling disputes by allowing each side to be heard, with a neutral third party deciding which one shall win.

But the method does succeed in settling a vast number of potentially violent disputes—peacefully.

"On the whole," observed Judge Friendly, "it works."

Pacifism does not deny that conflicts will inevitably arise in the ordinary course of human affairs. Pacifism seeks only to resolve these conflicts without violence. The courtroom is demonstrating daily that it can be done.

An American Bar Association spokesman (feature by W.B. Darnall) © 1970 American Bar Association

Junior High, and still another boy was shot at by a gang of black juveniles on the playground of St. Louis High, a school of black students. In the wake of these incidents, District authorities hastily hired police officers to patrol the schools, and principals

behind the doors. What kind of jungle life is this? The president of the Washington Teachers Union protested, on the police assignments, that the police officers were not to be armed with guns, but to be unarmed.

It is not only the prospect of violence, of course, that tends to convert desegregation to segregation. Language barriers, social barriers, tenacious years of racial prejudice cannot be papered over. Beyond these factors, people simply do not like to be pushed around. Black parents increasingly resent the implications of "busing." White parents, who might be agreeable to neighborhood integration, object to racial gerrymandering by Federal fiat.

Why have things come to this sorry pass? Part of the problem is rooted in the manner in which integration was imposed in the first place—not by will of the people, expressed through Federal law or constitutional amendment, but by court decree reversing eighty years of settled construction. Now the original decree has been followed by further orders prohibiting recourse to one safety valve that might work: Freedom of choice.

Not only in Mississippi, but widely throughout the land, private schools are springing up. To a point, the movement is healthy: Public schools could use some competition. Beyond a certain point, the movement could result in disaster. But disaster lies ahead, in one form or another, unless Federal judges and Federal officials begin to work from reality instead of from theory and illusion. The reality is that massive integration, under circumstances of coercion, is failing. It is seen as less tolerable now than it was fifteen years ago. If new and wiser public policies are to be fashioned, they will have to start with these truths.

LETTER TO THE EDITOR
I attended the committee on Disaster Relief at the Broadwater Beach Hotel in Biloxi Friday January the 12th.

I had the opportunity to talk to Mr. Smith on Senator Muskie's staff.

He urged me to tell friends that they could write to the special subcommittee on Disaster Relief.

Mr. Barry Meyer, Room 4204, New Senate Office Bldg. Washington, D. C. 20510 if they have any complaints or problems about

The S.B.A., The Red Cross, The Distribution of Commodities, The Distribution of Trailers, Legal Aid, The Corps of Engineers, The Handling of the "We Care Funds", The Port and Harbor Commission, The Airport, The Highway Patrol, The Bayou Caddy Project, The Handling of Disaster Funds, The County Supervisors, The Police Department, The Sheriff's Department, The Seawall Tax, The work on the Seawall, The work on other Roads, The Civil Defense.

If you believe you have been discriminated against or any other problem that you believe should be brought to the attention of the officials in Washington.

This is your chance to write to a committee in Washington that has been set up in our behalf to investigate what has been going on in the Gulf Coast area since Hurricane Camille.

They cannot accomplish anything worth while unless they hear from the people. Let them know what you think.

Don't let anyone tell you that this is not necessary. Don't let them tell you that they will write for you. Don't let them tell you that Mr. Barry Meyer's address has been changed.

Don't let them tell you to wait and see what is going to happen. Write!

Your letter does not have to be perfect school English. Believe me your words will say more than if they were written by a college professor or a lawyer.

That address again is Special Subcommittee on Disaster Relief, Mr. Barry Meyer, Room 4204, New Senate Office Bldg. Washington, D. C. 20510. I. J. WILLIAMS JR.

SPECIAL NOTICE

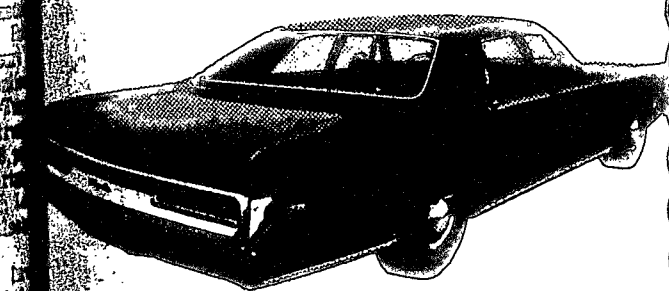

Notice to interested residents and tax payors of Beat 1, Hancock County, Mississippi, who are interested in the proposed formation of a voters league to combat the existing conditions prevailing which to date have not been successful in having said conditions corrected.

The conditions to refer to are as follows:

1. Poor and unsafe roads.
2. Inadequate drainage, which is causing serious health hazards.
3. It is impossible with the existing conditions of our roads to have areas for emergency vehicles such as our fire department vehicles, our volunteer firemen, adequate police protection and passage of police vehicles. Also it is almost impossible for the school buses to transport our children to and from school. Postal delivery is almost impossible for our postmen who have trouble traveling. The residents and tax payers have very much difficulty getting to and from their residences.

Therefore, as citizens and residents are asking interested persons affected by these conditions to join in and be covered by helping us form this league. For more information, contact Louis Lebour, 467-7636, Edward Street, 467-8010, or Mario Strong, 467-8999 or write to the above in care of Rt. 2, Box 575, Bay St. Louis, Mississippi, 38580.

His association with the University has been since 1948, from which time he has held the following positions: Supervisor of Housing, Director of Social Affairs, Institutional Advisor for Veterans, Assistant Dean of Men, Administrative Counselor, Director of Placement, Director of Financial Aid, Representative to the Currier Foundation, and Assistant Director of Development.

Street has served in various capacities in civic work in both local and state projects. He holds membership in the following organizations:

Alpha Tau Omega, Delta Kappa Epsilon, American Alumni Council, American College Public Relations Association, Delta Sigma Phi, honorary society in commerce, Mississippi Bar Association, Mississippi Educational Association, Omicron Delta Kappa, leadership society for men, Oxford-Litton County Chapter of Commerce, Phi Kappa Phi, honorary society, Catholic Honor Society for male freshmen, Phi Delta Phi, professional legal society, Reserve Officers Association, Future club of Oxford, Mississippi, Southern College Placement Officers Association (past president).

President John Griffin stated that the Chamber is working hard to coordinate the development of our county. All members are asked to make this program possible. We are therefore urged to make a special effort to place this meeting. Your vote or financial support is requested in this initiative.

Bay St. Louis Reports... (Cont. from Page 1-A.)

TOTAL CASH BALANCE TO THE CREDIT OF THE CITY'S TWENTY-FOUR FUND ACCOUNTS ON DECEMBER 31, 1969, AMOUNTED TO \$399,723.71. THE TWENTY-FOUR FUNDS ARE GROUPED UNDER FIVE CLASSIFICATIONS, ACCORDING TO CITY HALL SOURCES.

GENERAL OR OPERATING FUNDS: Total balances in the three funds under this heading amounted to \$39,028.16. These funds are used for street maintenance, drainage work, garbage and trash pick-up, police and fire protection, clerical and other operating expenses.

SPECIAL OR NON-OPERATING FUNDS: seven funds fall into this classification and their balances amounted to \$149,886.88. These funds are earmarked for specific uses and are, therefore, deposited to special accounts. The "We Care" money, amounting to \$138,691.10, is included in this category.

CONSTRUCTION FUNDS: these funds, amounting to \$310,383.51 are for construction projects in process of completion. The principal fund in this group is the current Street Improvement Program.

BOND AND INTEREST SINKING FUNDS: total cash to the credit of these funds was only \$21,944.41. The use of this money is limited to payment of bond maturities and interest on bonded indebtedness.

UTILITIES FUNDS: a total of \$34,389.08 was on deposit to the various funds relating to the utilities systems. Largest of these funds is the Water Deposit Fund with a balance of \$38,688.08. This is an escrow account and represents deposits by consumers on water and gas meters. Other funds under this category are utility operation and maintenance funds.

There will be an open public meeting at Bay Junior High Auditorium on Carroll Avenue beginning at 7:30 o'clock, Wednesday evening, January 22, 1970.

Mayor Warren Carver and Commissioners Andre Arceneaux and William Frisbie will report on their administration since taking office.

A question and answer period will follow the Council's report. P. J. Benvenuti who commented the last public forum will be the moderator. Remember the date and be prepared to ask questions.

Gerald Gax, City Attorney; G. E. Project Engineer James Love and J. G. Richard, Consulting Engineer in charge of the city's paving program have been invited to speak.

STREET HALT ... (Cont. from Page 1-A.)

work time. Creal added: "During the winter months any rainfall requires at least 50% more time to disperse enough for us to do any dirt work. The drainage system in Bay St. Louis compounds this problem." Water is now standing in every roadside ditch in Bay St. Louis.

"The condition that exists creates an impossibility of performing at this time and we request relief accordingly," added Gulf Paving Inc.'s president.

J. G. Richard, Jr., consulting engineer concurred with Creal's report and added to the complaint by saying: "Recently it has been difficult to impossible to get the street base compacted to specified degree because of high soil moisture. Temperatures below 40 degrees have curtailed paving on some days. The lack of adequate side-ditch drainage makes it impossible to dry up some areas. Surface treatment required for some streets cannot be done until after April 1, 1970."

Immunization Shots Highly Recommended

Hancock County Health Department, operating from a set up, located on Dunbar Avenue along side the demolished office, has issued official notice of any epidemic anticipated in this area, according to a spokesman from that department. However, it is felt that epidemics usually run a course around the world and are not particularly feared by the number of people traveling within the area. Immunization is particularly recommended for elderly people, suffering from chronic heart conditions, and immunizations for this classification are secured through private physicians.

The County Health Department immunization clinic is open Monday and Thursday between the hours of 8:30 a.m. until 12:00 and from 1:30 p.m. until 4:00 p.m. The department recommends a regular schedule of immunizations against small pox, tetanus, whooping cough, polio, diphtheria and measles. They are not equipped to give immunization against mumps. There is available a screening test for tuberculosis. Should this skin test prove positive then chest x-rays and further tests are made. The method for detecting T.B. through the skin test is approved because it is less expensive than x-rays and is routine and swift in detection.

MR. AND MRS. CHARLES DYE, JR. OF ORANGE GROVE COMMUNITY, GULFPORT ACCEPT DELIVERY OF THEIR CHEVY NOVA FROM CHARLES TOWNSEND, SALES- MAN AT LAMAR-LANE CHEVROLET.

Mr. and Mrs. Charles Dye, Jr. of Orange Grove Community were in need of a new car. The first thing they did was look up their long time friend Charles Townsend at Lamar-Lane Chevrolet in Bay St. Louis. They talked with Charles and told him about what they were looking for, and he offered them a Lamar-Lane price on a Chevy Nova that was to their liking and they drove it home. All around have been reading and hearing about good deals that Lamar-Lane gives their customers on cars and trucks, and they really like the way they are treated at Lamar-Lane Chevrolet. Mr. and Mrs. Dye are very happy with their deal on their Chevy Nova II and they recommend them to all of their friends in need of a new car or truck. At Lamar-Lane ask for Charles Townsend and he could save you many dollars.

Bay-Waveland Auxiliary Helps Needy Children

A report of Bay-Waveland Junior Auxiliary activities since Hurricane Camille was given by Mrs. Travis Hensley, President, to all members at a stated meeting on Monday, January 12.

Heading the list of accomplishments is the expenditure of over \$2,000 for clothing and medical assistance to needy children. Monies for the project were provided through an "Encouragement Fund" set up by the National Association of Junior Auxiliaries.

Other projects include ditty bags to our servicemen in Vietnam done in the name of the Bay-Waveland Junior Auxiliary by the Brookhaven Junior Auxiliary. Brookhaven Junior Auxiliary also provided clothes for needy.

Members of the Picaune Junior Auxiliary assisted with the "Clothes closet" set up at the "L & N" Railroad Station. Games and toys for Christ-

mas were given to the children at the Retarded School.

We played "Santa Claus" to a needy family by providing them with toys, puzzles, and games.

A check for \$600 from the Emergency Relief Fund was presented to the Auxiliary by Reverend M. L. Agnew. This enables the Auxiliary to immediately continue its project of providing clothing to needy children.

In addition to the clothing project, it was voted to adopt a project for the aged. Details will be handled by Mrs. Henry Maggio, Projects Chairman.

Miss Martha Wise, Executive Secretary of the National Association of Junior Auxiliaries, visited, advised, and assisted the Bay-Waveland Junior Auxiliary on auxiliary matters. Miss Wise was personally thanked for her assistance and encouragement.

Receives Assignment

Army Specialist Four George R. Jenkins, 21, whose parents, Mr. and Mrs. James R. Jenkins, and wife, Bertha, live on Route 4, Picaune, Miss., was assigned as a wireman with the 539th Transportation Company in Vietnam, Dec. 6.

He entered the Army in January of this year.

Mr. Jenkins will teach Religion and English at St. Stanislaus.

Jaycees Parade

The Bay Saint Louis Jaycees would like to proudly announce their first annual Carnival Parade. They believe that the City and County needs this parade more now than ever, and the Jaycees would like to take this opportunity to ask each and every merchant and organization to participate in some way. They would like this parade to be a large one with plenty of throws for the kids. This year there will be no theme, and any type of float or entry you or your employees would like to enter will be appreciated. This parade will be on Carnival Day, February 10, 1970 at 2 p.m. in Bay Saint Louis.

There will be prizes awarded by the judges for the best floats, most original costume and most outstanding parade horse.

040 Taxpayers Ask IRS

The column of questions and answers on federal income tax is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions frequently asked by taxpayers.

Q I kept a record of my income and withholdings for 1969 and I have filed my return. Will I get my W-2?

A If you are an employee, your employer is required to furnish you with a copy of your W-2. If you are a self-employed person, you should have received a copy of your W-2 from the Social Security Administration.

Q I have a question about my 1969 return. I filed it in February and I am not sure if I have received my refund yet. How long does it take to get a refund?

A The time it takes to receive a refund depends on the method of payment. If you have chosen direct deposit, your refund should be deposited into your bank account within 10 business days. If you have chosen a paper check, it may take 15-20 business days.

Q I am a senior at college and I have a question about my 1969 return. I have a question about my 1969 return. I have a question about my 1969 return.
